

F3 SOLUTIONS BY ROLE – IT MANAGER

DERIVATIVES SOLUTIONS FOR IT MANAGERS

Your business depends on its technology to control and execute critical processes, leaving no room for system errors or downtime. As a result, you need to have full confidence that the investments made in your company's software and systems are protected and easily supported.

Find out how F3's legacy-free modern analytics platform reduces your operational risk, helping to ensure a high return-on-investment.

LOWER YOUR IT COSTS

Simple implementation means that your projects can stay on-track and within budget.

- ◆ F3 SDK enables efficient and straightforward integration with internal systems through a simple API.
- ◆ Available for use within Excel, MATLAB® or as an SDK helps your users get up and running quickly in the environment they are most comfortable working within.
- ◆ Multi-platform support to work with your preferred operating system.
- ◆ Integration with front, middle and back office establishes consistency and simplifies maintenance.

REDUCE YOUR OPERATIONAL RISK

F3 is backed by a world-class support team guaranteeing that your business is well-taken care of today and as it continues to grow.

- ◆ Create greater efficiencies for resource intensive calculations using F3's fast processing capabilities.
- ◆ Being grid-enabled, multi-threaded and multi-core compliant gives you a variety of options for distributing your calculations and increasing efficiency.
- ◆ Protect your IT investments with F3's robust architecture designed to be flexible, scalable and reliable.

Gain confidence in knowing that F3 gives you access to the most modern analytics platform, built from more than 20 years of development experience.
