Document Information

Document Name: FINCAD® License Service Release Notes
Revision: March 2010

Contents

- 1. Introduction..... 1
- 2. Known Issues..... 1

1. Introduction

This document describes known issues with regard to the FINCAD License Service (concurrent license).

2. Known Issues

Description	Issue
Documentation	The licensinghelpFLA.htm includes documentation on license transfers. The license deactivation and transfer process as documented in the help file is currently unavailable and will be implemented in a future release.
Usability	When a term license has been activated on a machine which still has an active trial license, the activation confirmation screen will display the license information pertaining to the existing trial license instead of the term license that has been activated.
